Women's Cardiovascular Healthcare Foundation

ABDOMINAL AORTIC ANEURYSM

- > Aged 50 or over and one of your parents has had an aneurysm?
- > Aged 65 or over (particularly if you smoke)?

**Then this screening
service is for you**

**A simple
ultrasound scan
shows if you
have one**

A swelling in part of the aorta, which can rupture if it grows. If it does, it's a life-threatening emergency.
